The Appeal Brief is non-compliant for failing to comply with 37 CFR 41.37(c). Each appendix at the end of the Appeal Brief should start on a new page. The following are guidelines taken from the MPEP.

Claims appendix: An appendix containing a copy of the claims involved in the appeal. The copy of the claims should be a clean copy and should not include any markings such as brackets or underlining, except for claims in a reissue application<. See MPEP § 1454 for the presentation of the copy of the claims in a reissue application. The copy of the claims should be double-spaced and the appendix should start on a new page.

Evidence appendix: An appendix containing copies of any evidence submitted pursuant to 37 CFR 1.130, 1.131, or 1.132 or of any other evidence entered by the examiner and relied upon by appellant in the appeal, along with a statement setting forth where in the record that evidence was entered in the record by the examiner. Reference to unentered evidence is not permitted in the brief. See 37 CFR 41.33 for treatment of evidence submitted after appeal. This appendix may also include copies of the evidence relied upon by the examiner as to grounds of rejection to be reviewed on appeal. The appendix should start on a new page. If there is no evidence being relied upon by appellant in the appeal, then an evidence appendix should be included with the indication "none."

Related proceedings appendix: An appendix containing copies of decisions rendered by a court or the Board in any proceeding identified pursuant to 37 CFR 41.37(c)(1)(ii). The appendix should start on a new page. If there are no such copies of decisions being submitted in the appeal, then a related proceedings appendix should be included with the indication "none."

Appropriate correction is required
